Biio™ Sliding Patio Door Locks

The Ultimate Style & Quality of Door Hardware

Biio™ Chassis Sliding Patio Door Locks

The Doric Biio™ is the latest non-handed twin actuator system to be offered in the Australian market.

The 316 Grade Stainless Steel tongues and 6 point keeper fixing ensures the Doric Biio offers a high level of security that surpasses similar products designed for residential applications.

The Biio™ chassis is available with a range of sleek and contemporary handle designs which blend seamlessly with modern decor.

Product Benefits

- Two 316 Stainless steel hook tongues provide maximum security.
- Utilizes industry standard 82mm machining details.
- Incorporates an anti-crash feature to avoid damage to hook tongues and keepers.
- T3 anti-corrosion finish, tested to 1000hrs salt spray is available.
- 'Locked' and 'Unlocked' Indicators - for quick identification of lock status.
- Night alert/ Glow in the dark indicator for unlocked.
- All locks form part of the Doric One Key™ solution and can be keyed alike to other window locks.
- Accepts both Doric wafer cylinder and C4 5 pin cylinders.
- Utilise the Doric cartridge cylinder system which makes re-keying or changing cylinders quick and easy.
- Conforms to BCA egress lever requirements (Section D2.21 Operation of Latch) - No inside cylinder model.
- Accepts all Doric external pulls.

Technical Specifications	
Materials:	Die cast zinc or Stainless Steel housing options. Zinc passivated internals.
Finishes Available:	Satin Chrome Plate and Powder Coat. Other finishes may be available on request.
Cylinder:	C4 pin cylinders are standard & One Key™ solutions compatible.
