DN950 & DN951 LOCK SERIES

The Doric DN950 lock series is a secure and economical way of securing your next commercial project. This easy to install, easy to operate range of short back-set lock bodies will suit most residential and commercial framing sections and will also retro-fit/replace any short back-set lock body.

In what has become an industry icon the Doric DN950 series short back-set locks are a durable product range which has been tested to the highest of security and durability standards making it a very sensible choice.

Manufactured from 2.0mm thick steel, this robust locking mechanism will deliver security and functionality to any hinged or sliding application.

Available in either a 22mm short throw, 37mm long throw or 28mm hook throw, for sliding applications, this product will accept all cylinder types and can be configured to suit all situations.

Note – For Emergency Egress Escape locksets check out the Doric DN970E & DN971E range!
