

DS1400 | HINGED DOOR FURNITURE

Doric's DS1400 Series range is cast from aluminium and finished in either black or white powder coat. Other colors available on application.

This unsprung handle is easy to assemble and has been the industry standard for over 20 years. Once the escutcheon plates are fitted, the lever is attached to the spindle and secured by a M5 grub screw.

The DS1400 has a 85mm pitch between lever spindle and the keyed cylinder barrel and is suitable for Doric Swing Bolt Euro cylinder mortice locks listed below.

Available kitted with Doric DS1265, DS1269, DS1273, DS1289 and DS1295 mortice lock packs.

ADVANTAGES

- Lever and Escutcheon manufactured from cast aluminium
- Durable powdercoat finish
- Suitable for hinged doors in single french & bi-folding application
- Easy installation
- Universal standard 85mm pitch between lever spindle & cylinder barrel
- Lever can be rotated for left or right handing
