DOOR LOCKS

# TWIIN™ CHASSIS SLIDING PATIO DOOR LOCKS

The Doric Twiin™ was the first non-handed twin actuator system to be offered in the Australian market.

The extra thick 6mm plated cast tongues ensures the Doric Twiin™ offers a high level of security that surpasses similar products designed for residential applications.

The Twiin™ lock is available in a range of sleek and contemporary handle designs which blend seamlessly with modern decor.

## PRODUCT BENEFITS

- Two large 6mm thick pressure cast opposing action hook tongues
- Standard model offers selectable deadlatched or deadlocked security functions.
- Utilises industry standard C4 pin cylinder system and can be keyed alike to existing entrance doors.
- Industry benchmark keeper adjustment of 6mm making installation and on-site adjustment easier.
- Utilises industry standard 82mm door preparation detail, allowing retro fit to most existing Sliding Patio Door Locks.
- Accepts all Doric external pulls.
- Incorporates an anti-crash feature to prevent keeper damage.
- Unique and smooth Twiin™ push/pull actuator operation.
- All locks form part of the Doric One Key™ solution and can be keyed alike to other window locks.

## Technical Specifications
