

**DEVELOPED BY FABRICATORS FOR FABRICATORS**

# CMESH

**PREMIUM  
STAINLESS STEEL  
SECURITY MESH**

**When comparing the market for woven Stainless steel mesh in Australia, what makes CMesh from Doric better than the other leading suppliers?**

**For the fabricators:**

- ☉ Ability to be installed on larger and wider doors without requiring a mid-rail support,
- ☉ Total flatness over the whole sheet helps for easier installation

**For the end user:**

- ☉ 316 Grade Stainless steel provides high corrosion resistance
- ☉ Thick gauge wire ensures a strong, near unrivalled level of security
- ☉ Great visual aesthetic by sheet flatness and colour finish

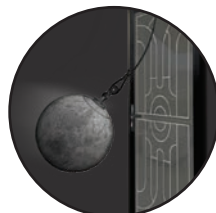

## CMESH DIFFERENCE

Sharp implements and slicing tools are no match for the incredible strength of Doric's premium CMesh. While the mesh has been designed to resist shearing, impact and slicing, it won't hamper air flow giving your home both vital protection and the fresh breezes it deserves.

## SIZE RANGE

2400 x 1500	2400 x 1200	2400 x 900	2400 x 750	2000 x 1200	2000 x 900	2400 x 750	2000 x 1200	2000 x 900
