BOSSIL | 2500 / 2510 METAL GLAZING SEALANT

A one-component, high performance, 100% neutral cure silicone sealant that provides superior adhesion and durability in a wide range of glazing, weather sealing and trade applications.

The Bossil Silicone is a one-component, non-slumping high performance, and 100% neutral cure silicone sealant formulated with calcium carbonate filler system.

The sealant provides superior adhesion and durability in a wide range of glazing weather sealing and trade applications. It also has excellent resistance to weathering, UV radiation, vibration, moisture, ozone, temperature extremes, airborne pollutants, and many cleaning detergents and solvents.

This product is well suited for a strong weatherproof seal on most common building materials such as aluminium, galvanized and zinc-coated steel, painted surfaces, glass, brick and concrete. Suitable for both indoor and outdoor applications.

COLOURS

 MATT BLACK
