

DS5010 & DS5011

SLIDING DOOR
KEEPER

DS5010 & DS5011 | SLIDING DOOR KEEPER

One chassis, two variants.

Doric's DS5010 and DS5011 Sliding Door Keeper offers an improved design to complement the market-leading Universal OEM and Advant series sliding door lock ranges.

Both keeper variants utilise the same stronger chassis with an improved and refined adjustment mechanism.

For customers own marketing and brand application, custom lens badges can be added to the covers over the top of the embossed Doric logo on bulk orders to tailor the hardware to their own brand.

Additionally, built into the cover are "press outs" which hides holes at the back of the keeper when cross fixed.

ADVANTAGES

Strong, robust chassis design exceeding 3000N in Ultimate Force Test.

More reliably retain its fixed adjustment

Bespoke lens badge applied over Doric logo available for bulk orders

COLOURS

Cover only, excludes chassis. Colour matched with door furniture standard.

MILL BLACK

WHITE

DS5010/5011 CHASSIS BASE

DS5010 & DS5011 | SLIDING DOOR KEEPER

DS5010

Strong linear edges and modular design, the DS5010 provides a universal fixing option where it can be installed cross fixed or in-line fixed.

For the in-line fixing method, cover tabs have been integrated to be easily popped out.

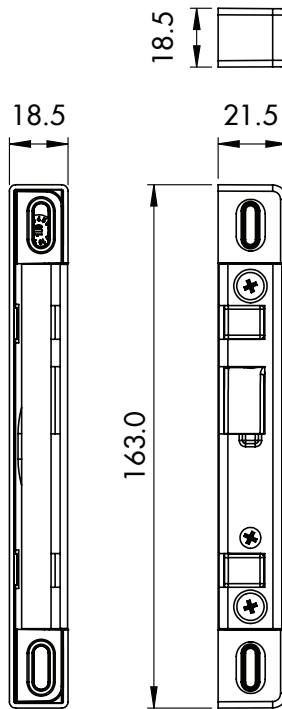

HOW TO ORDER

Keepers are available for selection with applicable door locks. For replacements:
