

FS00005 | HEAVY DUTY STAY

The only Aluminum 5 bar stay with triple arm support for greater performance on awning windows.

The Doric FS0005 & FS0005/FV Heavy Duty Stay has been designed to suit most residential awning applications on aluminium, timber and uPVC windows.

The "Design Registered" Heavy Duty Stay provides the highest level of performance on heavier windows.

ADVANTAGES

- Fits all new residential suites in New Zealand
- Cycle tested to New Zealand Standards
- Extruded aluminium profiles
- Spin riveted connection on all joints
- Time saving and hassle free factory set friction eliminates on site adjustments
- Geometrically accurate to ensure smooth positive operation
- Registered NZ Design App No.: 427378
- Black powder coated to increase protection from corrosion
