DS2075 | HINGED BARRIER SCREEN DOOR LOCK

Doric's DS2075 Hinged Barrier Screen Door Locks combines industry standard protection with durable and high quality craftsmanship.

Made from a zinc die cast body with Stainless steel strikes, the DS2075 provides Doric's highest level of security for all hinged screen doors.

The optional multi point slave kit increases protection for all hinged screen doors and offers value above and beyond what is currently available in the hinged screen door market.

ADVANTAGES

- Non handed furniture - suits left handed and right handed doors
- Fits industry standard cut outs
- Zinc die cast lock mechanism and furniture
- Inside snib
- Accepts Doric Euro profile lazy cam cylinder
- Suit standard 20mm door thickness
- Tested and exceeds Australian and New Zealand AS4145 standard
- Optional DS2079 multi point slave kit available

PRODUCT DETAILS

APPLICATION	Suits hinged aluminium barrier screen doors
MATERIAL	Die cast zinc lock body
FINISHES	Powder coat

SECURITY MESH | SECURITY DOOR HARDWARE

Doric's range of Security Mesh offer class leading performance driven barrier screening designed to live against harsh outdoor weather, and withstand intrusion attempts, keeping families, homes and businesses safe.

Our meshes have been rigorously tested:

DYNAMIC IMPACT

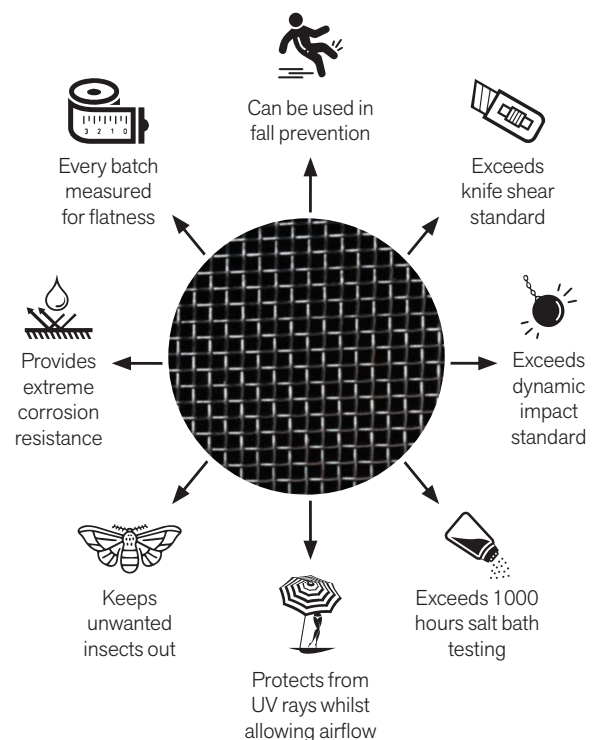

Intruders relying on brute force and severe impact to invade your home will find themselves defeated by the patented two-part strengthening system of our superior doors. The robust Stainless steel mesh screen and aluminium panel work together to create a barrier that absorbs and spreads the shock of severe force, keeping you and your home secure.

PULL & JEMMY

There's more than just an aesthetic appeal in the powder coated mesh and fused decorative panel elements. The combination of structural strength along with a concealed snap aluminium beading creates a single impenetrable barrier, which protects the frame from jemmying and thwarts pulling and tugging attempts.

PROBE, KNIFE & SHEAR

Sharp implements and slicing tools are no match for the incredible strength of Doric premium mesh while the mesh has been designed to resist shearing, impact and slicing, it won't hamper air flow giving your home both vital protection and the fresh breezes it deserves.

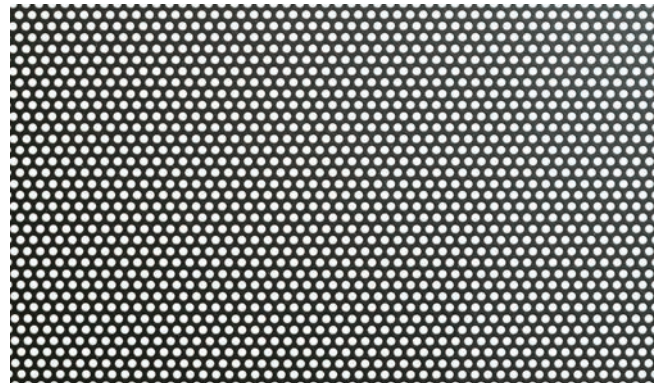

SECURITY MESH | SECURITY DOOR HARDWARE

SP67 | PUNCHED MESH

MATERIAL	Aluminium
FINISH	Black (standard) Custom colours (on request)
SIZES	750mm x 2000mm 900mm x 2000mm 1200mm x 2000mm 750mm x 2400mm 900mm x 2400mm 1200mm x 2400mm

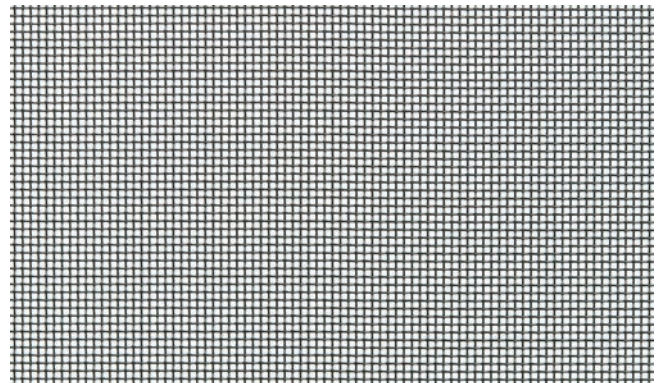

Punched Mesh offers a flush premium security facade for entrance doors. Manufactured from aluminium ensures the Punched Mesh will have excellent corrosion resistance.

SP70 | GALVANISED MESH

MATERIAL	Steel
FINISH	Black (standard) Custom colours (on request)
SIZES	750mm x 2000mm 900mm x 2000mm 1200mm x 2000mm 1500mm x 2000mm 750mm x 2400mm 900mm x 2400mm 1200mm x 2400mm 1500mm x 2400mm 1200mm x 3000mm

Galvanised Mesh has been manufactured from steel strand wire providing a strong security screen with galvanic protection.

SP90 | RESTRICTED VIEW MESH

MATERIAL	Steel
FINISH	Black (standard) Custom colours (on request)
SIZES	750mm x 2000mm 900mm x 2000mm 1200mm x 2000mm 750mm x 2400mm 900mm x 2400mm 1200mm x 2400mm

Restricted View Mesh is manufactured from sheet steel and perforated to offer a strong security screen with one way vision.

CMESH | SP82 PREMIUM STAINLESS STEEL SECURITY MESH

CMesh is developed by fabricators for fabricators and is our 3rd generation of Stainless steel security mesh.

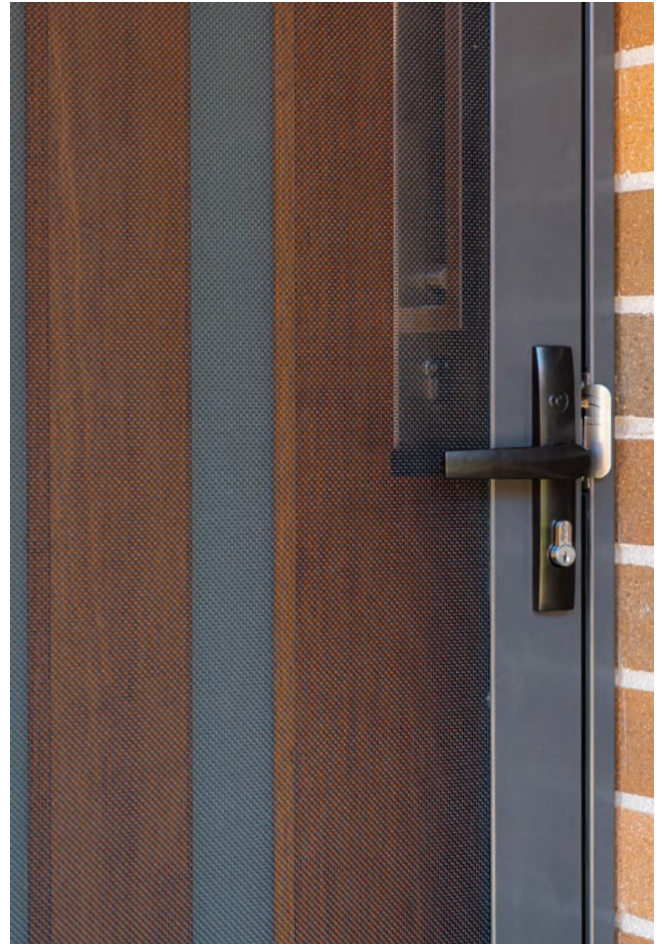

Developed and tested over 8 years, CMesh incorporates fabricator feedback to deliver a reliable and trusted, high quality product.

C MESH DIFFERENCE

- Every batch is tested for flatness (less than 2mm per m²) and knife shear tested
- Every batch measured for squareness to +/- 5mm over 2.4m x 1.2m sheet
- Minimum 1000 hours salt bath tested
- Every batch LMATS material analysis approved

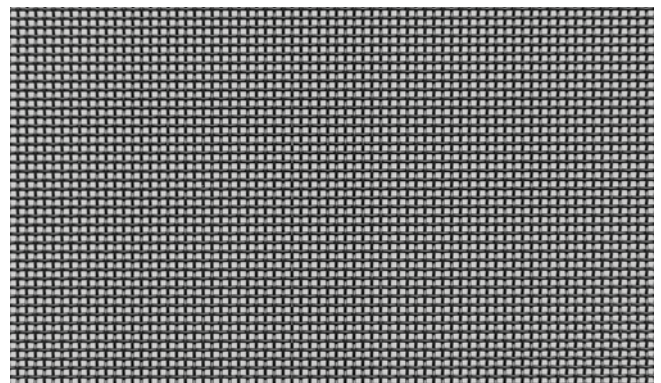

TESTING

- Tested for flatness and squareness
- Passed against Jemmying Test for forced entry
- Passed Impact Test under AS5039-2008 for force impact attack type
- Passed Knife Shear Test under AS5039-2008 for sharp object penetration attack type
- Salt bath tested exceeding 1000 hours displaying extreme corrosion resistance

COLONIAL CAST PANELS | SECURITY & BARRIER DOOR HARDWARE

Colonial Cast Panels are manufactured from cast aluminium and powder coated to offer a longevity of such value that it will last decades longer than good taste allows.

Panels are in two sections, top (A) and bottom (B)

All panels have a wide selection of powder coat colour options available, along with large variety of panel styles on offer adds an even greater choice available.

DECORATIVE GLASS INSERTS

Cast panel design offering a selection of glass panes.

COLOURED INSERTS

Single coloured inserts are fixed into the panel and offer a range of colours.

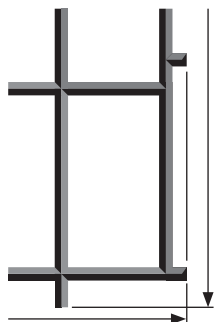

COLONIAL CLASSIC DESIGN

Timeless designs featuring decorative cast styles.

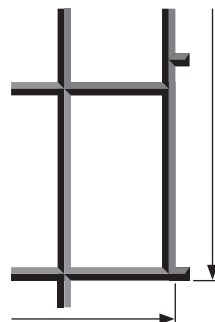

FLOATING DECORATIVE GRILLES

Mounted on Doric's aluminium SP67 Punch Mesh, these cast panels are available ready for door frame fitment.
