BI-FOLD LOCK

DS1250 | MKII TWIN POINT BI-FOLD LOCK

The Doric DS1250 MKII Twin Point Bi-Fold Lock is Doric's next generation bi-fold lockbody, suitable for use on hinged and bi-fold aluminium doors & windows. Based on the original DS1250, the design has been improved to offer a better lockbody in performance and operation.

Combining breath taking aesthetics and modern architectural styling the DS1250 epitomises Doric's reputation for high quality hardware that is unmatched in styling and look. The DS1250 is suitable for use in residential and commercial applications for doors up to 2800mm in height.

FEATURES

- Aluminium guide combined with a threaded rod connection provides ease of adjustment and strength
- Lowest possible stand off dimension allowing for the largest achievable leaf opening
- Corrosion resistant Stainless steel rods and 'D' tips

ADVANTAGES

- Internally threaded Stainless steel 'D' tips allowing adjustment without needing to remove lock
- The DS1250 is non handed, suitable for use on both left and right handed bi fold doors and windows
- No screws required when installing packers
